

Renault MASTER

Efficient, practical and versatile

22 July 2016
Manufacturer's recommended retail prices

Renault Master, a solution for you

The Master Van has been specifically designed to adapt to the most demanding requirements. With load volumes of up to 17m³ and payloads up to 1593 kg (3.5T versions) and 2167 kg (4.5T versions). There are many factory conversions to choose from, including tippers and luton vans. There is also a wide range of platform and chassis cab versions that can be converted into a vast array of other products, from wheelchair access minibuses and refrigerated vans, to ambulances. To make your working day easier and safer, a new generation of electronic stability controls (ESC) are now standard on every version of the Master. Features include: Hill Start Assist, Grip Xtend and Trailer Swing Assist.

Turbo-charge your work

The Master engine benefits from the best in modern technology. It consists of a variable geometry turbocharger (dCi 110 hp, dCi 130 hp and dCi 170 hp) and Twin Turbo (ENERGY dCi 110 hp, ENERGY dCi 145 hp and ENERGY dCi 170), thus offering a large range of engines to meet everyone's needs. The Twin Turbo engine, with Stop & Start technology and the new regenerative braking system (Energy Smart Management), helps Master achieve fuel economy of up to 40.4mpg* (LCV) or 44.8mpg* (Passenger) helping you to minimise fuel costs.

Twin Turbo: doubly effective

With Twin Turbo technology, the new ENERGY engines (dCi 145 and dCi 170) offer more power than their Euro 5 equivalents.

"Twin Turbo" technology

The ENERGY variants of the 2.3 Litre Master engine include twin turbo technology. This enables a diesel engine to combine torque at low speeds and high power with immediate benefit to driving pleasure. It includes two sequential turbochargers:

- The first low inertia turbo provides high torque from low speeds to give you greater responsiveness when getting under way from stationary.
- The second takes over at higher speeds, letting you call on more power without running out of steam, giving you smooth, steady, regular acceleration. With this system the engine is always operating in its optimal yield bracket, offering immediate benefits in terms of consumption, CO₂ emissions and efficiency.

The combi and bus versions are also fitted with Euro6b engines delivering 145 hp, 165 hp (bus) and 170 hp (combi).

* Comparing the Energy dCi 165 with Stop & Start version with a previous generation dCi 150. Official consumption and emissions according to applicable regulations.

** On an L2H2 Energy dCi 135 and 165 panel van. Official consumption and emissions according to applicable regulations.

EURO 6 and AdBlue®

Ensuring our customers take advantage of the latest engine technology, the Master comes equipped with the latest Euro 6 compliant engines. Featuring an upgraded SCR (Selective Catalytic Reduction) system, these engines cut harmful Nitrous Oxides (NOx) emissions by over half through injecting AdBlue® solution into the exhaust gases. AdBlue® is a clear, non-toxic and non-flammable water-based, high purity operating fluid, which is added downstream of the engine in the exhaust system, meaning you still receive the maximum efficiency from all our engines whilst reducing harmful pollutants.

You comfortable workspace

A comfortable workspace

Optimal visibility, ergonomic control and adjustable driver's position.

Plenty of storage

Cup holders, dashboard, underseat... Everything is close to hand.

Pivoting seatback table

Located in the central front passenger seat (with clipboard holder) (optional).

Smartphone cradle.

Adjustable for height and width, the smartphone cradle accommodates most sizes, meaning you're always connected (optional).

Bluetooth and DAB radio
Standard on every version.

R-Link Evolution Multimedia system
Guides you easily to your destination. Opt for live services to get traffic news in real time and warnings of accident black spots (optional).

Comfort every day
The specially contoured driver's seat with added lateral support features height and lumbar adjustment as standard, plus an armrest.

Technology and innovation

MediaNav (Optional)

Renault's on-board touch screen tablet MediaNav provides access to useful and practical features including: navigation provided by Navteq with vocal guidance, media from multiple sources, handsfree telephone using Bluetooth® technology*. Enjoy stress free travel with Renault MediaNav.

R&GO

Is an application that turns your smartphone or tablet into a touchscreen for your dashboard. The key features of the app are: Navigation, 3D vehicle navigation provided by CoPilot, Eco driving score, fuel consumption info, trip computer and rev counter available. The R&GO application is free to download for compatible Android and iOS smartphones.*

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

R-Link (Optional)

Integrated 7" touchscreen multimedia system with navigation, include the DAB radio controls, vehicle information such as the "Eco Driving Coach" and TomTom® maps along with the ability to subscribe to TomTom® live services. In addition to its many built-in features there are also applications to download from the R-Link Store. You can control it from the screen, steering wheel controls or even voice command.

Main menu with 6 icons

Discover the six available menus: navigation, multimedia, telephone, vehicle information, services and applications, system settings.

Touchscreen navigation system

With TomTom® maps and a 12 months subscription to LIVE services from delivery.

Multimedia*

FM/AM/DAB tuner, you can also connect devices via USB, AUX sockets or Bluetooth®.

Reverse parking camera system (additional option)

Rear parking sensors with reverse parking camera, which displays the image on the navigation system screen alongside guidance aids.

Vehicle information

The fun "Eco Driving" coach gives you handy tips to improve your driving style and reduce your fuel consumption.

Voice control*

Set your destination, call a contact or launch an application, all hands free, with voice control.

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Versatile

Europe's No. 1 Van manufacturer Renault can propose a wide range of Master variants to suit your specific needs.

Panel and Crew Van

Choose from 4 wheelbase lengths and 3 roof heights on Panel Vans. Need to get tools and a team to the site? The Crew Van has seating for 7 and can still carry the tools you need for the job – safely and securely.

Conversion

A comprehensive range of factory converted products are available to order directly from our dealer network as a 'one stop shop'.

Passenger

With seating for up to 17 people the Master Passenger is the ultimate way to transport clients, employees or the family.

Optimal loading

Available in 4 lengths and 3 heights, Master offers a load volume of between 8 m³ and 22 m³, with a payload of up to 2,151 kg (on rear-wheel drive 4.5t versions).

Well adapted. With an effective loading length of between 2583mm and 3733mm, the Master front-wheel drive has a load volume of between 8m³ and 14.8m³ depending on the loading height and length. The Master rear-wheel drive, with a maximum effective loading length of between 3733mm and 4383mm and offers up to 17 m³ of load volume. Our large-volume solutions on chassis cab give you even more space with 20 m³ to 22 m³ of load volume.

The LHL single rear-wheel drive versions* are perfect for road transport, the 17m³ load volume is ideal for distribution and express courier services. These single rear-wheel drive versions offer 30 cm more width between the wheel arches than its twin wheel cousin and lets you load 5 euro pallets into the van. With its two leaf springs at the rear, it combines comfort and loading capacity, delivering ideal driving comfort for motorway and long distance driving.

*Note, lower consumption than with the twin rear-wheel drive version.

L2H2 single front-wheel drive (10.8m³).

Non-binding illustrations.

L4 single rear-wheel drive.

L2 single front-wheel drive.

Euro-pallets welcome.

You will benefit from the maximum width of 1380mm (single wheel), as well as the 1270mm side opening. At the rear, its large autoclave doors open 270° degrees. All this combined allows the Master front-wheel drive to transport 4 euro pallets. The rear-wheel drive versions can transport up to 5 euro pallets.

Safety for all

Nothing is more important than safety in the workplace. The Renault Master understands this: its driving assistance systems are more innovative than ever.

Protection

Renault Master is equipped with the driver airbag as standard and the passenger airbag and side airbags as an option. Its 3-point seat belts with load limiters are height adjustable for tailor-made safety.

Rear parking sensor

The rear parking sensor detects any obstacles during a manoeuvre and informs you of their proximity with a sequence of beeps that get increasingly loud, the closer you get to an obstacle (optional).

Fixed cornering lights

These increase the field of vision covered by the headlights when you go round a corner.

New generation ESC everyday use: Grip Xtend

ESC ensures vehicle stability and detects the load level to improve the effectiveness of trajectory corrections. It now has essential features for everyday use: extended grip, which ensures the vehicle recovers grip on loose surfaces such as sand, mud or snow; and the trailer anti-swaying system, which detects trailer swaying and corrects it (combined with the trailer coupling option).

Hill Start Assist and Trailer Swing Assist

On a hill, the brake pressure is automatically maintained for two seconds, giving the driver time to manoeuvre.

Grip Xtend

Over loose surfaces such as gravel, light snow and mud, engage Grip Xtend and one wheel will be allowed to spin to help you gain traction.

For professionals that need to store tools and equipment, the Ready4Work system arrives at your dealer fitted so you can get straight to work. There is a choice of two specifications to suit your needs, the Basic Storage System and the Specialist Storage System.

Basic Storage System

The Basic Storage System has been designed to provide engineering tradesmen with an economical racking system suitable for the storage of a wide range of tools, components and accessories, with the option to add additional features. The system comprises of three pre-assembled sections designed for simple and rapid installation whilst providing a safe and roadworthy installation.

Construction

A two part phenolic coated floor (cut 9mm plywood base with anti-slip phenolic coating to the top face). This fits directly into the vehicle without drilling, pre-fitted attachment brackets connect to the existing load lashing points.

Specialist Storage System

The Specialist Storage System is constructed from the same lightweight high strength steel materials as the Basic Storage System. This system has been designed to suit the more specialised tradesman, who requires an improved system for the storage of tools and service equipment.

Construction

The rear left-hand unit and right-hand forward tool panel assembly, including x3 Euro Bins and x2 750mm Storage Baskets are identical to Kit 1.

The rear right-hand unit now also includes:

An additional high quality tool storage system comprising a telescopic drawer unit module consisting of x2 500mm wide x 355mm deep x 75mm high drawers and x1 500mm wide x 355mm deep x 150mm high drawer. Adjacent to the drawer unit is a 500mm wide x 355mm deep x 75mm high shelf.

Kaleido trim - Dark Grey

SAFETY & SECURITY

- Full steel bulkhead
- ABS with EBD (Electronic Brake force Distribution)
- Electronic immobiliser
- Remote central locking (2 button key)
- Airbag - driver
- Seatbelts - 3 point height-adjustable seatbelts with pretensioners
- 4 disc brakes
- Alarm
- Deadlocking
- Anchorage points : 8 for Short Wheel base (SWB) and 10 for Medium and Long Wheel Base (LWB)

EXTERIOR

- Left side loading door - unglazed
- 80-litre fuel tank
- Door mirrors - electric adjustment, heated
- 16" steel wheels with small wheel stylers
- Rear doors - unglazed, 180°
- Spare wheel

INTERIOR

- Closed glove box
- 2 cup holders on centre console
- Driver's seat - height adjustable, lumbar adjustment and armrest
- Steering wheel - height adjustment
- Electric front windows
- Passenger bench seat
- Overhead parcel shelf
- Kaleido - Dark grey upholstery

COMFORT AND CONVENIENCE

- 12v power socket (dashboard) and centre console
- 6 speed gearbox
- ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
- Trip computer - multi-functional with rev counter

CONNECTIVITY & SOUND SYSTEM

- Radio with DAB, Bluetooth, CD and USB*

ADDITIONAL STANDARD EQUIPMENT ON CREW VANS

- 2nd row of 4 passenger seats
- Integrated storage nets and cup holders
- Left and right side loading doors - glazed
- Bulkhead - full steel with glazing

RWD ADDITIONAL EQUIPMENT

- Rear step
- Side marker lights (LWB or MWB with extended overhang only)
- Engine speed limiter 56mph (to meet legal requirement) - 4.5T version only
- Digital tachograph (4.5T version only) and CAN interface unit

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Standard features

BUSINESS+ (additional equipment to Business)

16" steel wheels with large wheel stylers

Funaia trim

SAFETY & SECURITY

- Wide view mirror
- Rear parking sensors
- Hands free key
- Clipboard holder (for A5 or bigger note block)

EXTERIOR

- 16" steel wheels with large wheel stylers

INTERIOR

- Manual air conditioning and pollen filter
- Electric front windows - driver's side one-touch descending
- Dashboard storage compartment lid
- Pivoting seatback table with dual split underseat storage compartment
- Funaia upholstery
- 12V power socket in load area

* Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

*Unless otherwise stated, dimensions are indicated in mm and weights in kg. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload.

Master Conversions

Renault offers a comprehensive range of factory converted products that are available to order directly from our dealer network as a 'one stop shop'. These vehicles are provided with a full manufacturer warranty (4 years, 100,000 miles). If the factory products are not quite what you are looking for, we also offer a range of chassis and platform cabs that can be converted to meet your exact needs.

Accredited Converters compliment our range of factory products by offering bespoke solutions to meet specific customer needs. Renault works closely with a number of Accredited Converters. Details of these can be found on www.conversions.renault.co.uk

To be accredited, converters are assessed on their technical and quality processes by a dedicated team from Renault. They then receive specialist support and backup. This ensures that the quality of the conversion meets the standards expected by Renault and that the conversion will meet all legal and technical requirements.

Regular assessments and quality training are provided to the converters to ensure that these high standards are maintained.

Renault takes responsibility for the base vehicle, and the converter is responsible for all aspects of the conversion, and in most cases the conversion will match the base vehicle warranty.*

Renault, along with its dealers and accredited converters welcome any opportunity to provide bespoke solutions – contact your local dealer to discuss your specific requirements. Further assistance is also available by contacting the Converter Hotline on 0800 040 7343 or e-mail converterhotline@renault.co.uk

*Some exceptions apply (please check with your supplying dealer for the converter warranty statement)

Standard features

BUSINESS

Rear tipper

Dropside flatbed

Platform cab

Chassis cab

TECHNOLOGY

- 4 years warranty (100k miles) and 4 years free roadside assistance
- Radio with DAB, Bluetooth, CD and USB*
- 6 speed gearbox
- ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
- Trip computer - multi-functional with rev counter

SAFETY & SECURITY

- Full steel bulkhead
- ABS with EBD (Electronic Brake force Distribution)
- Alarm
- Electronic immobiliser
- Remote central locking (2 button key)
- Airbag - driver
- Bulkhead - full steel with glazing (full steel bulkhead on Platform Cab and Luton Loloader, unglazed)
- 4 disc brakes
- Deadlocking

EXTERIOR

- 80-litre fuel tank
- Door mirrors - electric adjustment, heated
- 16" steel wheels with small wheel stylers
- Side marker lights wiring (on LL MLL LLL versions only)
- Spare wheel

INTERIOR

- Closed glove box
- 2 cup holders on centre console
- Driver's seat - height adjustable, lumbar adjustment and armrest
- Steering wheel - height adjustment
- Electric front windows
- Passenger bench seat
- Overhead parcel shelf
- Kaleido - Dark grey upholstery

ADDITIONAL EQUIPMENT ON RWD VERSIONS

- Digital tachograph (4.5T versions only) and CAN interface unit
- Engine speed limiter 56mph (to meet legal requirement) (4.5T version only)

ADDITIONAL EQUIPMENT ON DOUBLE CAB VERSIONS

- Second row of 4 passenger seats
- Left and right rear lateral doors - glazed

ADDITIONAL STANDARD DROPSIDE FEATURES

- Hot-galvanised steel front side panel and platform
- Anti-slip wooden floor
- Anchorage points in loading area (6 to 8 depending on version)
- Folding and removable aluminium side and rear panels (400mm high)
- Foldaway step on rear side panel
- Aluminium cab protecting grid with ladder/long object rack

ADDITIONAL STANDARD TIPPER FEATURES

- Rear tipping "Scattolini" body (45°)
- Hot-galvanised steel loading deck (2 mm thick)
- Aluminium side and rear panels (400 mm high)
- Aluminium cab protecting grid with ladder/long object rack

ADDITIONAL STANDARD BOX VAN

- Polyester walls with aluminium reinforcement (4 mm thick)
- 15 mm thick floor
- Clear glass fibre roof
- Interior fitting with 3 protective pads / 2 lashing rails
- Rear doors - roller shutter

*Manufacturer's "On The Road" Recommended Retail Price Includes delivery to the dealer premises, number plates, a one-litre bottle of oil, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included. No CO₂ or MPG data published for base Platform Cab as the final kerb weight of the vehicle is not defined until the body is fitted. Published maximum payload excluding driver is subject to change based on variances in features, options and trim level shown.

*Unless otherwise stated, dimensions are indicated in mm and weights in kg. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload.

Master Passenger Vehicles

17 Seat Minibus - Peace of mind with quality assured

The Master 17 Seat Minibus is widely recognised as one of the most stylish and quality-finished minibuses in the UK market. The vehicle has been equipped to provide for both group transport and private hire markets, with features tailored to both types of operation. The vehicle is also currently one of the very best in terms of ownership costs.

Tailored features such as the auto-engaging electric side step and Bluetooth® help to make the Master 17 Seat Minibus one of the best-equipped factory built minibuses in the UK market, with lane departure warning and high low beam as standard, giving complete comfort and convenience for driver and passengers alike.

This M2 European Whole Vehicle Type Approved vehicle (ECWVTA 2001/85/EC107) offers full peace of mind to both the customer and operator. The seats are M1 homologated and therefore have a car level of safety and security, again providing comfort and safety to your most precious cargo - people!

As factory products, both the 17 Seat Minibus and the 6 and 9 Seat Combis also boast full 4 year manufacturer warranty and 4 years' roadside cover – exactly like buying any Renault car or van, with no third party involved!

Combi – combine space and practicality

The 6 and 9 Seat Master Combi is ideal for shuttle bus operators, fleet operators and private customers requiring more spacious multi-person transport than Crew Vans or smaller passenger vehicles can provide. The vehicle provides value for money and highly competitive fuel economy. This versatile people mover provides the customer with all the comfort of the award-winning Master Van, with class-leading cabin ergonomics and a vast array of options to suit all customer and passenger needs.

Features

(a) Rear light operation (optional)
(b) Rear air conditioning operation (optional)

*Designed with 2nd stage conversion in mind, the Renault Master Trabus is available as a glazed panel van (no bulkhead), or in platform cab form. Both versions in standard form are specifically homologated "M2" for passenger transport at 3.9t GVW. The converter must complete the relevant 2nd stage type approval to enable registration. There are no seats, seat mountings or trim within the load area. For further information please contact the Renault Converter Hotline on 0800 040 7343

**Unless otherwise stated, dimensions are indicated in mm and weights in kg. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload.

Accessories

Universal Coupling.

'Pintle Hook' with ball.

Standard Ball.

Standard Carpet Mats

Protect your Master from everyday dirt, wear and tear with a set of genuine Renault mats. Available in carpet or rubber to suit your lifestyle, Renault mats are made to measure for your vehicle.

Alarm

Protect your Master.

Catalytic Converter Protector

Specialist anti-theft device to protect your catalytic converter from theft.

Aluminium Roof Rack

Specially designed for the Master, the aluminium roof rack is equipped with a rear sliding roller to aid loading. The maximum load is 149 kg.

Roof Bars

Available in pairs, these bars can carry up to 89 kg (per pair). Made from aluminium, they have been intensively tested to guarantee performance and resistance to corrosion.

Rear Protective Windows Grills

Window protection grilles designed specifically for your Master. Protects goods being transported whilst maintaining a clear rear view.

Ply Lining

Protect the interior of your Master with our hardwearing, bespoke ply lining. The price includes fitting by Renault. Our lining kits are fitted without any alteration/drilling to the vehicle structure, ensuring that the paint and anti corrosion warranties remain intact.

Walkway and Ladder

The galvanised steel ladder and walkway facilitate loading onto the rack.

Renault Pro+, the expert brand

Renault has been part of the light commercial vehicles (LCV) market for over a century, providing our commercial customers with versatile and innovative solutions in both our products and services. This is one of the reasons our customers have chosen us as Europe's number one each year since 1998, in addition to being on the podium in numerous countries worldwide, from North Africa to Latin America.

We have taken over a centuries worth of experience in the LCV market along with learnings from our strong customer relationships and created Renault Pro+, an expert brand dedicated to both our loyal and new light commercial vehicle customers alike. Encompassing our award winning products, services and commitments, Renault Pro+ builds on a strong foundation to inspire further creative innovations. This allows us to offer our customers a tailored approach including bespoke solutions to suit all their needs. Our customers deserve a high quality experience and as professionals we strive to understand each other.

The specialised Renault Pro+ network

Within the Renault network, certain sales outlets are Renault Pro+ specialists. They meet specific commitments.

Specialists at your service

A Commercial Vehicles specialised salesperson
A dedicated After-Sales Advisor
A reception area reserved for business customers

Decisions made easier

Presentation of a comprehensive range of Commercial Vehicles
Test drives without an appointment
Quotations within 48 hours, including for converted vehicles

Your mobility guaranteed

Extended workshop times*
Servicing within 8 hours without an appointment*
Diagnosis within the hour*
Van for van replacement vehicle

Renault Services

4 years warranty and Renault Assistance

Your vehicle is covered by a warranty package for up to 4 years /100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 12 years.

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer.

This service is available 24 hours a day, every day of the year. Renault Assistance Cover, provided from months 0 to 48, includes: assistance at the roadside and home, as well as national recovery. Onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

Servicing options

A Renault Service plan allows you to budget for the future cost of your routine servicing. It really is the hassle-free way to take care of your Renault. There are many benefits to a Renault Service plan.

- Inflation-proof servicing - You know exactly what you'll pay and there are no hidden costs
- Full peace of mind - No matter where life takes you, we'll be there
- Renault expertise - Our highly trained technicians know your Renault inside out

We have a range of service plans to meet the needs of practically all of our customers'; the most popular being our 3 year/42,000 miles plan available at £200*. Speak to your Renault dealer for more information on these plans or a price for an age and mileage profile that best meets your needs.

Renault Network Services

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on original Renault parts. Don't forget to have a look at our wide range of additional equipment and accessories!

Service Intervals

18,000 miles / 2 years: Master 17 seat minibus

25,000 miles / 2 years: Master all other engines and versions

Finance options**

There are numerous ways that you can finance your new vehicle with Renault. Whether you are a fleet or a private buyer, Renault Finance allows you to tailor your payment plan to your needs and circumstances.

Customer relations

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If, after speaking to your local Renault dealership, you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000 (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk Or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

All vehicles are provided with 4 years warranty and Renault Assistance as standard. For warranty exclusions refer to Terms & Conditions. For full Renault Warranty Terms and Conditions visit www.renault.co.uk/warranty. For Renault Assistance Terms and Conditions visit www.renault.co.uk/assistance. *The Service plan offer is available at participating dealers only. Vehicle must be ordered between 1st January 2016 and 30th June 2016 and registered in 2016. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within the first 12 months (whichever comes first). Cannot be part exchanged, refunded or transferred. **Finance provided by Renault Finance Ltd, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply. †Calls to 0330 numbers are free if used as part of your inclusive mobile minutes and are charged at local rates from landlines. ^Defaqto is an independent researcher of financial products. ‡Renault Insurance is provided by Original Insurance Services Ltd, registered in England and Wales No. 05686831 at Batchworth House, Church Street, Rickmansworth, Hertfordshire, WD3 1JE and is authorised and regulated by the Financial Conduct Authority. It is underwritten by Allianz Insurance plc, registered in England No. 84638 at 57 Ladymead, Guildford, Surrey, GU1 1DB. Allianz Insurance plc is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority (Financial Services Register No. 121849). Renault UK Limited (company number 82932), registered at The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.
