WILDAX Triton

The WildAx Triton is an elevating roof motorhome with proper kitchen, toilet, shower and storage. With a huge specification as standard and our normal attention to detail and high quality build this is a family motorhome that can also double as a car.

With the 130Ps diesel engine the Triton drives wonderfully with ample power to cruise at speed and to negotiate hills and mountains without effort. As standard with a 6 speed manual gearbox or auto 6 speed as an option with all the expected driving aids such as cruise control, sensors and a camera you have everything you need for a relaxing easy drive.
