METEOR

# AWARD WINNING DESIGN

The METEOR is fully winterised and wild camping ready

## WILDAX Meteor

Built on the superb Ford Transit the Meteor is a spacious 2 berth motorhome offering twin single beds or one large kingsize at the rear of the van. As standard build on the 130Bhp Transit the Meteor is a wonderful drive. An optional upgrade to 165Bhp is also available for that little bit more 'go'! As standard the Meteor is supplied on the 6 speed manual gearbox but also available is the fantastic 8 speed auto option for a more relaxed drive!

Dimensions  
Length – 5981mm  
Width – 2059mm (plus mirrors)  
Height – 2800mm (approx)

The lounge offers two large sofas to the rear of the van which can be used as large twin single beds or mated together to form a large kingsize. Bed sizes are 1915 x 650 and 1845 x 600 or if made to a kingsize the width is a whopping 1740. The washroom has a roomy shower and toilet area with handbasin and a storage cupboard. Ample storage is provided with large high level storage cupboards, under-seat storage and space in the kitchen for all the essentials.

Heating and hot water is from the diesel/electric Truma Combi with multiple heater outlets.

As an option you can also choose the huge SKYVIEW overcab curved profile window with blind or if you prefer no gas our all electric VOLT PACK option adds a 160Ahr lithium battery combined with a 3kW inverter and additional solar panel for a use anywhere off grid mains electrical system. With the VOLT PACK option cooking is via an induction hob and microwave.

The latest technology has been designed into the Meteor with all models offering as standard a 100Ahr Lithium leisure battery and 160W solar panel to help with the ability to camp 'off grid'. The only gas used in the Meteor is the 3 burner hob and oven combination in the kitchen, which is supplied from a 6kg gas bottle in the gas locker.

### Travelling Layout

### Night Time Layout
